

Public Safety - Emergency Services

CLARIFYING THE ROLES BETWEEN COUNTY
AND CITY GOVERNMENTS

County Emergency Management Agency (EMA).

The managing agency that coordinates response to natural and man-made disasters within the borders of Montgomery County Tennessee. Active in the four phases of the emergency management cycle:

Mitigation - Taking sustained actions to reduce or eliminate long-term risk to people and property from hazards and their effects.

Preparedness - Plans or other preparations made to save lives and facilitate response and recovery operations to include the development of an Emergency Operations Plan.

Response - Encompasses all activities taken to save lives and reduce damage from a disaster or other event.

Recovery - The goal of the Recovery phase is to return the community's systems and activities to normal.

County Emergency Medical Service (EMS).

EMS is the sole E-911 provider for Clarksville-Montgomery County, providing 24-hour emergency medical transportation, rope rescue, dive rescue/recovery, trench rescue, tactical medics and many other specialized rescue operations.

EMS provides capabilities for advanced life support or special critical care on 100% of emergency runs within their service area, providing this service, 24-hours a day.

EMS staffs Paramedics, Critical Care Paramedics, Registered Nurses and Advanced Emergency Medical Technicians.

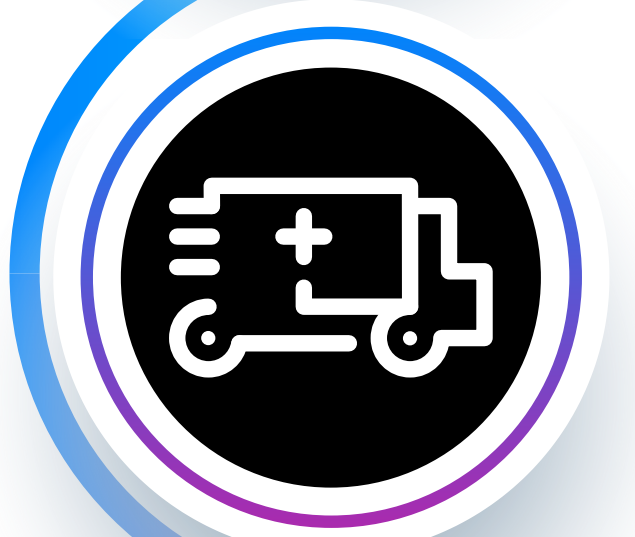

Emergency 911

E-911 is neither a County or City office. The Clarksville-Montgomery County 911 District is governed by a board of nine members. E-911 pays the dispatch service that connects services with callers to CPD, MCSO, EMS, Clarksville Fire and Montgomery County Volunteer Fire Services.

The County pays the salaries and benefits of the individuals who dispatch for EMA, EMS, MCSO and Volunteer Fire. The City pays the salaries and benefits of individuals who dispatch for CPD and City Fire. The dispatchers for the County and City are located in the same building.

City

None
