Rossview High is at 113% capacity and currently has 8 portable classrooms. There are already 1,000 lots already approved in this region. This continued student growth necessitates additional action to address building capacity growth and school bus transportation needs in Mont. County. This development could contribute add additional students & require additional infrastructure & funding. This will also increase traffic volume on Rossview Rd. STAFF RECOMMENDATION: **DISAPPROVAL**

- 1.** The proposed zoning request is inconsistent with the overall development goals of the adopted Land Use Plan.
- 2.** This tract lies within the "Rural Area" of the adopted 2040 Growth Plan. The "Rural Area" lies outside of the 20 year growth projection of the Urban Growth Boundary. Properties within the "Rural Area" have been identified as areas for the preservation for agricultural lands, forests, recreational areas & wildlife management areas.
- 3.** Preservation of large tracts of agricultural lands in the "Rural Area" should be prioritized. Moderate to large scale residential development in the "Rural Areas" is detrimental to long term planning goals & contributes to sprawl.
- 4.** Adequate infrastructure serves the site & no adverse environmental issues were identified relative to this request.
