ELEMENTARY:	<u>OAKLAND</u>
MIDDLE SCHOOL:	<u>NORTHEAST</u>
HIGH SCHOOL:	<u>NORTHEAST</u>

Oakland Elementary, Northeast Middle & Northeast high are in the fastest growing region in Montgomery County. Oakland is at 108% capacity and currently has portable classrooms. Northeast middle is at 107% capacity and currently has 10 portable classrooms. Northeast High is at 92% capacity. This continued student growth necessitates additional action to address building capacity growth and school bus transportation needs in Mont. County. This development could add additional students & require additional infrastructure, funding & rezoning in order to achieve optimal capacity utilization throughout the District.

**THE INDUSTRIAL DEVELOPMENT BOARD OF
THE COUNTY OF MONTGOMERY**

**ECONOMIC IMPACT PLAN
FOR
VULCAN PLANT DEVELOPMENT AREA**

I. Authority for Economic Impact Plan

Industrial development corporations (“IDBs”) are authorized under Title 7, Chapter 53 of the Tennessee Code Annotated (the “IDB Act”), including Tenn. Code Ann. § 7-53-312, to prepare and submit to cities and counties an economic impact plan with respect to an area that includes a project within the meaning of Tenn. Code Ann. § 7-53-101 and such other properties that the IDB determines will be directly improved or benefited due to the undertaking of a project. Tennessee Code Annotated § 7-53-312 also authorizes cities and counties to allocate new incremental tax revenues, which arise from the area subject to the economic impact plan, to an IDB to promote economic development, to pay the cost of projects or to pay debt service on bonds or other obligations issued by the IDB to pay the costs of projects.

II. Overview and Project Identity

For a century and a half, the area that is the subject of this economic impact plan (this “Plan”) served as the industrial center for the City of Clarksville. Among other sites, this area includes the Clarksville Foundry, which has been in continuous operation since 1847, the B.F. Goodrich plant, which began operations in 1939 and closed in 2019, and Frosty Morn, a sausage packing facility that began operations in 1948 and ceased operations in 1977. The B.F. Goodrich Plant, located at 1151 College Street, encompassed slightly more than 26 acres and at one point was the largest employer in the City of Clarksville (the “City”). That plant was subsequently acquired by Vulcan Corporation after nearly eighty years of operation. The Vulcan plant closed in 2019, and the primary buildings on the plant site have been demolished. The Frosty Morn plant closed in 1977 and has been vacant for decades.

The Vulcan plant anchored an industrial area in the City that is now located on a commercial corridor that serves as one of the primary entryways to the downtown center of the City. Along with the site of the Vulcan plant, a number of the commercial properties adjacent to or near the Vulcan plant site are underutilized or not fully developed. The Industrial Development Board of the County of Montgomery (the “Board”) has determined to adopt (this “Plan”) to promote and accelerate economic development of the Vulcan plant site as well as adjacent and nearby properties, notably the Frosty Morn site that is owned by the City, which will directly benefit from the redevelopment of the Vulcan plant site.

The Vulcan plant site was recently acquired by a developer who plans to redevelop the Vulcan plant site with retail and commercial establishments, apartments that will be available for persons of moderate income, and offices. These components of this mixed-used redevelopment of the Vulcan plant site will each constitute an eligible project within the meaning of Tenn. Code Ann. § 7-53-101(15). The City also intends to redevelop the Frosty Morn site as a public building, including a multi-cultural center, which will also constitute an eligible project. These projects are collectively referred to herein as the “Project.” The Project shall constitute the “project” that is within the Plan Area identified herein for purposes of Tenn. Code Ann. § 7-53-312.

III. Boundaries of Plan Area

The area that would be subject to this Plan, and to the tax increment incentive provisions described below, includes only the property on which the Project will be located and surrounding properties that will be directly improved or benefited due to the undertaking of the Project. The map of the area that will be subject to this plan (the "Plan Area"), which consists of approximately 106.48 +/- acres, is shown on Exhibit A attached hereto. A list of the parcels included in the Plan Area and the property taxes for each parcel for 2021, which will be the bases taxes for each parcel, is attached hereto as Exhibit B. The Plan Area is hereby declared to be subject to this Plan.

IV. Financial Assistance

The Board will provide financial assistance to eligible projects within the meaning of the IDB Act that are undertaken in the Plan Area, including the Project, by applying the tax increment incentive in the manner described below to pay or reimburse property owners for the payment of all or a portion of certain eligible costs that will be incurred in connection with the development of the Plan Area. These costs are expected to primarily relate to the construction and installation of public infrastructure to be made in or adjacent to the Plan Area that is necessary to serve the Project and other development in the Plan Area but may also include other costs that are approved as provided below. For these purposes, public infrastructure shall have the meaning given to such term in Tenn. Code Ann. § 9-23-102(16), which includes roads, streets, publicly owned or privately owned parking lots, facilities or garages, traffic signals, sidewalks or other public improvements that are available for public use, utility improvements and storm water and drainage improvements, whether or not located on public property or a publicly dedicated easement.

The Board, subject to the terms of one or more development agreements to be negotiated with property owners and/or developers of property in the Plan Area, will pay and/or reimburse all or a portion of the cost of such public infrastructure or other approved costs upon receipt of adequate documentation of such costs. The Board and each property owner and/or developer will enter into a development agreement with respect to the scope of the public improvements and the cost of the public improvements to be paid or reimbursed and/or the payment or reimbursement of any other approved costs.

Tenn. Code Ann. § 9-23-108 does not permit the application of incremental tax revenues to pay costs other than the costs of public infrastructure without first receiving a written determination from the Comptroller of the State of Tennessee (the "State") and the Commissioner of Economic and Community Development of the State that the use of tax increment revenues for such purposes is in the best interest of the State. It is not expected that the tax increment incentive authorized by this Plan would be used to pay for any costs other than public infrastructure, but the Board is authorized to pay for costs that do not constitute public infrastructure if the Board determines that the payment of such costs is necessary for the Project to be financially feasible. In such case, the Board may seek a written determination from the State as to the eligibility of costs other than the costs of public infrastructure. Public infrastructure together with any additional costs approved as described in this paragraph are referred to in this Plan as "Eligible Costs."

V. Expected Benefits to City and County

The undertaking of the Project and the accelerated development of the surrounding area would be a transformational project for the Plan Area in particular and the City and Montgomery County (the "County") as a whole. The redevelopment of the Plan Area will provide an enhanced gateway to the City that will improve the image of the City for visitors and residents.

The Project and other capital investment in the Plan Area is expected to exceed \$300,000,000. Each \$1,000,000 of capital investment in the Plan Area that occurs or is accelerated due to the development of the Project should create, using a conservative estimate, 500 construction jobs for the duration of the construction period relating to the capital investment.

Permanent jobs are also expected to be created as a result of the development of the Project. Significant retail and other commercial development are expected to occur in the Plan Area. A reasonable estimate of the commercial development initially expected to occur or be accelerated due to the construction of the Project is at least 875,000 square feet of development. The development of that amount of retail and multi-family space, which is a conservative estimate, should result in at least 350 new jobs, using a conservative standard of one job per 2,500 square feet of commercial space.

The County and the City are also expected to realize additional tax receipts as a result of the accelerated development of the Plan Area. With respect to property taxes, the County and the City will continue to receive existing property tax revenues from the Plan Area as base taxes pursuant to the IDB Act. To the extent property tax revenues are increased due to capital investment in the Plan Area, much of the incremental property tax revenue would be applied as provided herein to pay for costs of developing the Plan Area and/or debt service relating thereto. However, that portion of the additional property taxes that would be allocable to pay debt service on the County's and the City's debt would be retained by the County. If \$300,000,000 in appraised value of additional commercial capital investment was made in the Plan Area and \$1,000,000 in appraised value of additional residential development was also made, which are conservative estimates, the County and the City in the aggregate would realize approximately \$1,360,629 in annual additional property tax revenue to pay debt service, using the current County and City tax rates of \$2.99 and \$1.09 respectively, and assuming approximate County and City debt service percentages of 28% and 27.14% respectively. The County and the City would also immediately receive all incremental personal property taxes collected within the Plan Area.

Furthermore, new retail establishments that are developed in the Plan Area will result in increased annual local sales tax revenues. If 87,500 square feet of retail space is constructed and such retail space results in additional annual retail sales of \$8,750,000 (using a conservative estimate of \$100 of annual sales per square foot), the County and the City would realize approximately \$218,750 in additional local sales tax revenues annually from the development of the Plan Area that would be allocated to the County and the City.

VI. Distribution of Property Taxes and Tax Increment Incentive

a. **Distribution of Taxes.** Property taxes, excluding personal property taxes (which shall not be allocated pursuant to this Plan), imposed on the property located within the Plan Area shall be allocated and distributed as provided in this part. The taxes assessed by the County and the City on the real property within the Plan Area will be divided and distributed, subject to the elections and alternatives, permitted below, as follows in accordance with the IDB Act and Title 9, Chapter 23 of the Tennessee Code Annotated, being the Uniformity in Tax Increment Financing Act of 2012 (the "Tax Increment Act"):

i. The portion of the real property taxes payable with respect to the tax parcels in the Plan Area equal to the year prior to the date of approval of this Plan (the "Base Tax Amount") shall be allocated to and, as collected, paid to the County and the City as all other taxes levied by the County and the City on all other properties; provided, however, that in any year in which the taxes on the property within the Plan Area are less than the Base Tax Amount, there shall be allocated and paid to the County and the City only the taxes actually imposed.

ii. The excess of real property taxes over the Base Tax Amount (the "TIF Revenues") shall be allocated and, as collected, paid into a separate fund or funds of the Board, created to hold such payments until the tax proceeds in the funds are to be applied (A) to pay Eligible Costs relating to development within the Plan Area in order to promote economic development and/or (B) to pay

debt service on the obligations expected to be issued by the Board to finance Eligible Costs (the “TIF Obligations”) within the Plan Area.

This allocation is subject to the provisions of Tenn. Code Ann. §7-53-312(j) and the Tax Increment Act, which requires that taxes levied upon property within the Plan Area for the payment of debt service of the County and the City shall not be allocated to the Board and is further subject to the retention or payment of any applicable administrative expenses and fees of the Board, the City or the County consistent with any policies of any of such entities and/or to be paid under the development agreement to be entered into between any property owner and/or developer and the Board.

It is expected that existing tax parcels with the Plan Area will need to be subdivided and/or aggregated in order to facilitate the phased development of the Plan Area. The Base Tax Amount with respect to each tax parcel that is subdivided shall be allocated to each subdivided parcel on a pro-rated basis using the acreage of each subdivided parcel as a percentage of the total acreage of the original tax parcel. If tax parcels are aggregated, the Base Tax Amount for each such parcel shall also be aggregated.

The Board is authorized to make all calculations of TIF Revenues on the basis of each parcel within the Plan Area instead of on an aggregate basis as permitted by the Tax Increment Act. If the Board opts to have such calculations made based upon each parcel, the Board shall give notice to the County and the City that such methodology will be used prior to the first allocation date of any TIF Revenues.

As permitted by the Tax Increment Act, the Board is hereby authorized to separately group one or more parcels with the Plan Area for purposes of calculating and allocating the TIF Revenues, and in such case, the allocation of TIF Revenues shall be calculated and made based upon each such parcel or group of parcels, and not the entire Plan Area. The Board is specifically authorized to undertake such grouping of parcels at any time that this Plan is effective as of the beginning of any year (but not later than the tenth full year commencing after the execution of the initial development agreement relating to property in the Plan Area), and the Board may reserve the right in any development agreement to regroup one or more parcels for purposes of making the calculations of TIF Revenues hereunder. The Board shall give notice of any such grouping of parcels to the County and the City.

The Board is also authorized to designate, by notice to the County and the City, that the allocation of TIF Revenues from any parcel or group of parcels shall begin in different years in order to match TIF Revenues with the application of TIF Revenues for the purposes provided herein, subject to the maximum allocation period as to any parcel provided below, provided that allocation of TIF Revenues as to any parcel in the Plan Area must commence no later than the tenth full year after the execution of the initial development agreement relating to property in the Plan Area.

Allocations of TIF Revenues by the County and the City shall be made (i) as to TIF Revenues derived from non-delinquent taxes, within sixty (60) days of the date such taxes are due without penalty for each tax year and (ii) as to TIF Revenues derived from delinquent taxes, within sixty (60) days from when such taxes are collected by the County and the City.

b. TIF Obligations. In order to pay certain Eligible Costs, the Board expects to use all or a portion of the incremental tax revenues that it will receive as a result of the adoption of this Plan to pay debt service on obligations that may be issued to the Board to finance such costs. This tax increment financing or financings, if issued, would be structured as follows:

i. The Board may borrow funds through the issuance and sale of notes, bonds or other obligations of the Board. The Board shall pledge all or a portion of the TIF Revenues allocated to the Board pursuant to this Plan to the payment of such notes, bonds or other obligations, including,

without limitation, principal and interest thereon. In no event will the obligations issued by the Board be considered a debt or obligation of the County or the City in any manner whatsoever, and the source of the funds to satisfy the Board's payment obligations thereunder shall be limited solely to the TIF Revenues and shall otherwise be non-recourse to the Board.

ii. The proceeds of the notes, bonds or obligations shall be used to pay Eligible Costs, costs of issuances relating to notes, bonds or obligations and capitalized interest on the notes, bonds or other obligations to the extent permitted by the IDB Act.

iii. Any tax increment financing may be refinanced by the Board at any time as permitted by the IDB Act, and upon such refinancing, available tax increment revenues shall be applied to the payment of such refinancing debt to the extent such tax increment revenues were to be used to pay the debt that is being refinanced.

c. Direct Payment. Notwithstanding any provision herein to the contrary, the Board may apply TIF Revenues directly to pay or reimburse Eligible Costs without the necessity of issuing any notes, bonds or other obligations pursuant to any development agreement entered into between the Board and any property owner and/or developer in the Plan Area.

d. Maximum Amount. The aggregate principal amount of notes, bonds and obligations issued by the Board as described in subsection (b) above together with the maximum amount of Eligible Costs that the Board agrees to pay as described in subsection (c) above shall not in any event exceed \$35,000,000.

e. Time Period. Taxes on the real property within the Plan Area will be divided and distributed as provided in this Plan for a period, as to each parcel in the Plan Area, not in excess of twenty (20) tax years as to any parcel, but, in any event, such allocations shall cease when there are not Eligible Costs, including debt service, to be paid from the TIF Revenues payable with respect to such parcel. The Board may approve an allocation period that is less than twenty (20) years as to any parcel if the Board determines that a shorter allocation period will provide sufficient incentive to promote the development of that parcel. Until an allocation of TIF Revenues as to any parcel commences as described in subsection (a) above, no TIF Revenues shall be allocated to the Board as to such parcel.

f. Finding of Economic Benefit. The Board, by submission of this Plan, and the County and the City, by the adoption of this Plan, find that the use of the TIF Revenues, as described herein, is in furtherance of promoting economic development in the County and the City.

VII. Approval Process

Pursuant to Tenn. Code Ann. § 7-53-312, the process for the approval of this Plan is as follows:

a. The Board holds a public hearing relating to this Plan after publishing notice of such hearing in a newspaper of general circulation in the County at least two (2) weeks prior to the date of the public hearing. The notice must include the time, place, and purpose of the hearing as well as notice of how a map of the subject area may be viewed by the public. Following such public hearing, the Board may submit this Plan to the County and City for their approval.

b. The governing bodies of the County and the City must approve this Plan for such plan to be effective as to both the County and the City. This Plan may be approved by resolution of the County Commission or City Council, whether or not the local charter provisions of the County or City provide otherwise. If either the County or City make any changes to this Plan in connection with their approval

hereof, such changes must be approved by the Board following a public hearing related thereto, and such changes must also be approved by the County or City, as applicable.

c. Once the governing body of the County and the City has approved this Plan, the Plan shall be filed with the local taxing officials and the Comptroller of the State as required by the Tax Increment Act and annual statements of incremental tax revenues allocated to the Board shall be filed with the State Board of Equalization as required by the Tax Increment Act. The Board will also comply with all other procedural requirements of the Tax Increment Act and other applicable laws.

VIII. Policies and Procedures

Pursuant to Tenn. Code Ann. § 9-23-107 of the Tax Increment Act, the Board, the County and, if applicable, the City shall approve policies and procedures relating to the implementation of this Plan prior to any allocation of TIF Revenues hereunder.

POLICIES AND PROCEDURES FOR TAX INCREMENT INCENTIVE PROGRAM FOR DESIGNATED DEVELOPMENT AREAS

Section 1. General Purpose and Overview

Montgomery County, Tennessee (the "County"), the City of Clarksville, Tennessee (the "City") and The Industrial Development Board of the County of Montgomery (the "Board") are committed to improving the economy in the County and the City. In furtherance of that objective, the Board may identify certain areas in the City, each of which shall include a project within the meaning of Tenn. Code Ann. § 7-53-101, which the Board deems essential to City revitalization (each, a "Plan Area"). Pursuant to Tenn. Code Ann. § 7-53-312, the Board, the City and the County may adopt an economic impact plan (a "Plan") with respect to any such Plan Area, which Plan may provide for the allocation of new incremental tax revenues to the Board for the payment of project costs and/or debt service on obligations issued by the Board, in order to encourage private development of properties within the Plan Area.

The County and the City, with the assistance of the Board, desire to establish a program to provide incentives through the application of incremental property tax revenues to assist with the payment of costs relating to the development or redevelopment of properties within designated Plan Areas. The purpose of these Policies and Procedures is to provide an orderly process for owners of property within designated Plan Areas to apply to use such incentives and to establish a process for administering such incentives. These Policies and Procedures shall be applicable to any Plan, the terms of which provide for their applicability, or to any Plan as to which the Board, the City and the County have otherwise determined that these Policies and Procedures shall be applicable. These Policies and Procedures shall not affect the Policies and Procedures for Tax Increment Incentive Program for Civic Plaza Development Area (the "Civic Plaza Policies"), which remain in full force and effect with respect to all economic impact plans to which the Civic Plaza Policies apply.

The Board is a public nonprofit corporation established by the County pursuant to the Tennessee Industrial Development Corporation Act (the "IDB Act"), Tenn. Code Ann. §§7-53-101 et seq. The Board's statutory purposes include promoting industry, commerce and trade in Tennessee and in particular, the County. In furtherance of these purposes, the IDB Act authorizes the Board pursuant to Section 7-53-312 of the IDB Act to issue tax increment debt to finance costs of eligible projects or to use tax increment revenues to pay costs of eligible projects.

The Uniformity in Tax Increment Financing Act of 2012 (the "Tax Increment Act"), codified at Tenn. Code Ann. §§9-23-101 et seq., also contains statutory provisions relating to the use of tax increment incentives by the Board. Section 9-23-107 of the Tax Increment Act specifically authorizes the County, the City and the Board to agree upon and approve policies and procedures for allocating and calculating tax increment revenues and implementing the IDB Act and Tax Increment Act. These Policies and Procedures, upon their approval by the County, the City and the Board, shall be deemed to be adopted pursuant to Section 9-23-107 of the Tax Increment Act.

These Policies and Procedures are in addition to any other rules and procedures applicable to the Board, the City or the County, including the debt management policies of the Board. From time to time, these Policies and Procedures may be amended by the Board, the City and the County.

Notwithstanding the adoption of these Policies and Procedures, the approval of any tax increment incentive is within the discretion of the Board acting within the parameters of these Policies and Procedures. In no event shall these Policies and Procedures be construed to create any contractual right or

other entitlement in a Person or limit the Board's discretion to decline to approve any tax increment incentive.

Section 2. Economic Impact Plan for the Plan Areas

In order to implement tax increment incentives under the IDB Act for any Plan Area, the Board must submit, and the County and the City, if applicable, must approve, an economic impact plan pursuant to Section 7-53-312 of the IDB Act. As required by the IDB Act, each Plan must identify the boundaries of the area subject to the Plan and identify the project, within the meaning of the IDB Act, located in such area. Each Plan Area shall include those properties that the Board has determined, and the County and the City have approved, will directly benefit due to the undertaking of the construction of the qualifying project within the Plan Area.

Upon approval of a Plan, incremental property tax revenues allocated to the Board pursuant to the Plan and the IDB Act may be applied, as authorized by Section 7-53-312(h) of the Code, to pay expenses of the Board in furtherance of promoting economic development in the County and the City, to pay costs of projects (within the meaning of the IDB Act) or to pay debt service on bonds or other obligations of the Board that were issued to pay costs of projects within the Plan Area. As provided in such Section, incremental tax revenues can be applied to pay costs of any projects within the meaning of the IDB Act and not just the project identified in the Plan as being located in the Plan Area.

Each Plan may provide that incremental property tax revenues realized from the Plan Area and allocated to the Board may be applied to promote the development of properties in the Plan Area. A Plan may give considerable flexibility to the Board to implement this goal. As permitted by the Tax Increment Act, a Plan may permit the Board to designate any parcel or group of parcels in a Plan Area for purposes of calculating and allocating tax increment revenues. If a Plan so provides, the Board shall be permitted to designate that the parcel or parcels utilized for a specific Project in a Plan Area be subject to a separate calculation of incremental tax revenues in order to support that Project and furthermore to designate the tax year in which such allocations will commence. Moreover, a Plan may authorize the Board to calculate incremental tax revenues on the basis of each parcel instead of on an aggregate basis of all parcels within the Plan Area, such that the calculation of incremental tax revenues of any parcel or group of parcels in a Plan Area can be calculated independently from other parcels within the Plan Area. Any required notice to the City or the County of the Board's determination to calculate incremental tax revenues on an individual parcel or group of parcels within a Plan Area, or to designate the tax year in which the allocation of TIF Revenues shall commence with respect to any project, shall be provided to the Director of Accounts and Budgets of the County and/or to the Director of Finance of the City.

In order to assist a specific Project, the Board may be authorized pursuant to any Plan to apply specified incremental tax revenues received by the Board to either pay debt service on bonds or other obligations of the Board secured by such incremental tax revenues or to directly pay costs of a Project. For purposes of these Policies and Procedures, the application of incremental tax revenues to pay debt service or the application of increment tax revenues to pay Project costs are both referred to herein as "Tax Increment Incentives."

Property owners and prospective property owners within a Plan Area are encouraged to apply to be considered for a Tax Increment Incentive to assist with the development or redevelopment of their property if such incentive is deemed necessary by the property owner to facilitate such development or redevelopment.

It is anticipated by the Board that such development or redevelopment will involve specific projects that are eligible projects within the meaning of the IDB Act, which projects are those reasonably expected to promote commercial, retail and residential development within a Plan Area. The approval or disapproval of any Tax Increment Incentive in connection with the development or redevelopment of an eligible project will be within the sole and absolute decision of the Board.

The next section of these Policies and Procedures provides some parameters and terms under which the Board may utilize Tax Increment Incentives. The section thereafter provides the process for applying for a Tax Increment Incentive for properties within each Plan Area.

Section 3. Policies relating to Tax Increment Incentives

The following policies shall apply with respect to Tax Increment Incentives within each Plan Area.

3.1. Maximum Allocation Period. No allocation of tax increment revenues shall be made with respect to any parcel of property for a period of more than twenty (20) years. If the Board determines that a lesser allocation period is sufficient to make a Project feasible, as provided herein, the Board may require a shorter allocation period. The maturity of any tax increment financing shall not exceed the maximum maturity permitted by the IDB Act for debt obligations of the Board.

3.2. Eligible Costs. Under the IDB Act, tax increment revenues may be applied by the Board to pay debt service on debt obligations issued to finance Project costs or to directly pay Project costs. The costs of a qualifying Project include the cost of any land, real property and personal property that are deemed necessary by the Board to be incurred in connection with a qualifying Project. An Applicant may request that incremental tax revenues be applied to pay debt service on financing for or to directly pay any Project cost that is eligible under the IDB Act.

However, Applicants should note that, other than for land, improvements, or equipment utilized for public infrastructure, as defined in the Tax Increment Act, tax increment revenues may not be used to pay for or to pay debt service relating to debt incurred by the Board to finance privately-owned land, improvements, or equipment, or for other purposes authorized by Tenn. Code Ann. § 7-53-101, *et seq.*, but not specified in Tenn. Code Ann. § 9-23-108, unless both the Comptroller of the State of Tennessee and the Commissioner of Economic and Community Development have made a written determination that the use of tax increment revenues for such purposes is in the best interest of the State of Tennessee. The County, the City and the Board may, in their discretion, request that certain types of costs within the Plan Area that are expected to be incurred relating to privately-owned property be approved by the Comptroller and the Commissioner, but applicants for Tax Increment Incentives should note that the application of tax increment revenues to pay or finance certain Project costs may require approval of the Comptroller and the Commissioner even if a Tax Increment Incentive for a Project is approved by the Board.

Applicants should obtain their own legal and accounting advice relating to the tax consequences of receiving any Tax Increment Incentive, and the County, the City and the Board will make no representations relating thereto.

3.3. Maximum Percentage of Project Cost and Minimum Project Size. The amount of a Tax Increment Incentive for a specific Project (either through the direct payment of costs or based upon the principal amount of any tax increment financing) shall not exceed fifteen percent (15%) of the Total Projected Project Cost of any Applicant. The Applicant must also reasonably anticipate a Total Projected

Project Cost of at least \$1,000,000 with respect to a proposed Project in order to apply for a Tax Increment Incentive.

3.4. Necessity of Tax Increment Incentive. The approval, size and term of allocation with respect to any Tax Increment Incentive shall be conditioned upon the Applicant demonstrating the necessity of the availability of the Tax Increment Incentive in order to make a Project economically feasible such that the owner of the Project can receive a reasonable return on investment. An Applicant shall permit a designated representative or designated representatives of the Board to meet with the Applicant's designated representatives in order to determine the necessity of the requested Tax Increment Incentive and will permit such designated representative or representatives of the Board to review such budgets and projections as are reasonably necessary to make such determination. The Board will designate a committee, which may include persons experienced with real estate finance that are not members of the Board and representatives of the Department of Accounts and Budget of the County and the Department of Finance of the City, to make recommendations to the Board regarding the size and term of any Tax Increment Incentive, and such committee may designate one or more representatives of such committee to meet with the Applicant's designated representatives as described above in order to undertake the necessary action to make a recommendation to the Board. Any meetings of more than one member of such committee shall be an open public meeting to the extent required by applicable law.

3.5. Designated Parcels. In its Application, the Applicant shall identify the specific parcel or parcels within a Plan Area from which tax increment revenues shall be allocated in order to provide the Tax Increment Incentive for the Applicant's Project. If any of such parcels are subdivided or combined after an Application is submitted or while a Tax Increment Incentive is ongoing, the Applicant shall give notice of such circumstance to the Board, the County and the City. No allocation of tax increment revenues shall occur as to any parcel within the Plan Area until such parcels are designated by an Applicant pursuant to this Section and the Applicant and the Board have entered into a Development Agreement, as described below, identifying the first year of such allocation.

3.6. Calculation of Increment. The incremental tax revenues to be allocated to the Board for any Tax Increment Incentive shall be calculated individually for each tax parcel relating to a Project. Therefore, if the taxes have been paid with respect to a tax parcel by their due date, the relevant incremental tax revenues will be allocated to the Board from such tax parcel even if the taxes with respect to other tax parcels in the Project are delinquent and not paid by the due date.

3.7. Payment Dates. The incremental tax revenues to be allocated to the Board for any Tax Increment Incentive shall be paid by the County and the City no later than sixty (60) days from the last day of each February, which is the last day that such tax revenues are not overdue. Delinquent taxes to be allocated to the Board shall be paid by the County and the City no later than sixty (60) days after each date such delinquent taxes are collected, together with interest thereon to the extent required by the Tax Increment Act.

3.8. Deductions from Tax Increment. Prior to any allocation to the Board of incremental tax revenues, the County and the City shall deduct therefrom any taxes levied to pay debt service of the County and the City, respectively, on their respective debt obligations as required by the IDB Act and the Tax Increment Act. The County, the City and the Board agree that five percent (5%) of all incremental tax revenues allocated to the Board for any purpose pursuant to any economic impact plan to which these Policies and Procedures apply shall be deposited into a separate account of the Board and used by the Board to pay for administrative expenses of the Board and/or the Clarksville-Montgomery County Area Economic Development Council, Inc.

3.9. Non-Recourse Obligations. The liability of the Board for any obligations under any debt obligation relating to a Tax Increment Incentive or any other contractual obligation shall be limited solely to its interest in incremental tax revenues allocated to the Board in connection with such Tax Increment Incentive, and no other assets of the Board shall be subject to levy, garnishment or otherwise to satisfy any obligation of the Board as to a Tax Increment Incentive. The County and the City shall not have any obligations or liabilities with respect to any Tax Increment Incentive other than to allocate incremental tax revenues to the Board as required by the Plan, the IDB Act and the Tax Increment Act.

3.10. Payment of Incremental Tax Revenues. Incremental tax revenues to be applied to any Tax Increment Incentive shall be allocated by the County and the City into a separate account of the IDB created with respect to each Project for such purpose. Such payment may be made by wire transfer or by check, at the County's or the City's election.

3.11. Calculation of Allocated Increment. Not later than April 15th of each year, the Director of Accounts and Budgets for the County and the Director of Finance for the City shall calculate the tax increment revenues to be allocated to the Board under each Plan. The Director of Accounts and Budgets shall give notice of such calculation as to the County to the County Trustee, each approved Applicant that so requests such information, the City and the Board. The Finance Director of the City shall give notice of such calculation as to the City to the City Recorder, each approved Applicant that so requests such information, the County and the Board.

3.12 Affordable Housing Requirement. If any project in a Plan Area will consist of residential rental housing, in whole or in part, the recipient of any Tax Increment Incentive relating to such project shall be required to contractually commit to maintain at least 10% of the units in the project as affordable housing units. The Board, in consultation with the City and the County representatives, is authorized to determine the appropriate manner for implementing the affordable housing requirement, including maximum income levels, term, implementation of Development Agreements, reporting requirements and similar matters. If a recipient of a Tax Increment Incentive is developing affordable housing in another location in the County or desires to negotiate other consideration in lieu of an affordable housing commitment, the Board, in consultation with the City and County representatives, is authorized to credit such affordable housing units against the number of affordable housing units required in the project or to negotiate such other consideration as is appropriate under the circumstances.

Section 4. Procedures for Requesting Tax Increment Incentives

4.1 Application. An Applicant may request the Board to approve a Tax Increment Incentive to support a particular Project. To initiate such a request, the Applicant should submit to the Board a completed Application together with all exhibits, schedules and documents required by the Application. No action will be taken with respect to an Application until the Board's designated representative determines that the Application is complete. **Acceptance of the Application does not imply, evidence or confirm the County's, the City's or the Board's support for, or recommendation of, the request for Tax Increment Incentive.**

4.2 Initial Resolution by the Board. After review of the Application by the Board, including review by the committee described in Section 3.4 above, the Board will consider such Application, taking into account the recommendation of the committee. After such consideration, the Board will vote on

whether a Tax Increment Incentive shall be approved for the Applicant's Project, and if such approval is given, it shall define the maximum term and amount of the Tax Increment Incentive.

4.3 Financing Documents. If the Board approves a Tax Increment Incentive for an Applicant, the Applicant and the Board will use reasonable efforts to consummate the Tax Increment Incentive in a timely manner. In connection with any Tax Increment Incentive, the Applicant and the Board will enter into a Development Agreement. The Development Agreement will provide for the payment or financing of costs of the Applicant's Project by the Board and provide for such other covenants as the Board deems necessary to protect the interests of the Board, the City and the County. All documents shall be subject to the review and approval of the Board's counsel and to the approval of their execution by the Board. Unless prepared by bond counsel or special counsel to the Board, at the Board's option, the proposed Development Agreement will be prepared by the Applicant and submitted to the Board for review and comment.

Any Tax Increment Incentive shall close within one (1) year after the initial resolution described above is adopted by the Board. If at any time during the fiscal year, it should appear that the availability of any fund will be less than the original estimate, it shall be the duty of the County Mayor, Director of Accounts and Budgets, and the Budget Committee to impound appropriations as required by Section 5-12-110(c) of Tennessee Code Annotated.

SECTION 3. BE IT FURTHER RESOLVED, that expenditures shall not be made from appropriations made by this resolution which cover capital outlays to be funded from the proceeds of borrowed money until this Board of County Commissioners has duly adopted and appropriated resolution authorizing the issuance of appropriate bonds or notes pursuant to applicable provisions of Tennessee Code Annotated.

Quarterly Financial Report for March 31, 2022

The quarterly financial report presented tonight is for the period ending March 31, 2022. The report consists of three statements for each of the six school system budgets (funds) appropriated by the County Commission. Those funds are: General Purpose School, Federal Projects, Child Nutrition, Transportation, Extended Schools and Capital Projects.

The first statement is a balance sheet which is a picture of the financial condition of that particular fund at a point in time. The asset section represents the resources available to the district for payment of its obligations, much like your personal or business checking account along with any amounts due from others. The liabilities section reflects current amounts due to others. The equity section contains amounts held for future obligations to include fund balance and certain required reserves.

The second statement is a cash reconciliation which is basically comparing our cash balance to that of the County Trustee. This is similar to reconciling your check book to your bank statement.

The third statement for each fund is a report of all revenues and expenditures by category. This report reflects the approved budget amount as amended, amounts received or spent year to date (including encumbrance for purchase orders issued but not paid), and the amount under/over collected for revenues or the amount over/under spent for expenditures.
