

**Montgomery County Highway Department
Bid – Salt
Questions and Answers**

1. In regards to the Montgomery County Highway Department Salt bid, can you please provide additional clarification for the specific specifications for the Coarse Salt and Treated Salt? Does your treated salt item refer to salt treated with YPS (an anti-caking agent) or are you looking for an enhanced corrosion inhibitor type product?
 - **Coarse salt is our go-to road salt and works well for our needs. Sometimes it's treated with YPS. Please remove treated salt from the bid table.**
2. Similarly, is your coarse salt item standard road salt (often treated with YPS) or is it referring to a more specific premium coarse salt?
 - **See above.**
3. Additionally, which of the items is the county looking to primarily purchase?
 - **See above**
4. Is the County looking to take 3,000 tons of both product or is it one or the other?
 - **No**
5. On page 6 we are unsure if the county filled out this portion or if vendors are supposed to. Please see screenshot below and let me know if you have any questions.

Possibly an additional 5,000 tons to be added if a new salt shed gets awarded for fiscal year, beginning July 2025.

Receiving unit prices on each type does not bind Montgomery County Highway Department to the purchase of both types of salt.

THIS BID PERIOD WILL RUN FROM DATE OF ACCEPTANCE 2025 - _____.

- We may need to purchase an additional 5000 tons if approved in our budget.
- **You can ignore this. This bid is for a period of one year from July 2025-June 2026.**
